

#### Onsite Services:

- **Laboratory:** Our nationally accredited onsite lab ensures top-quality care and great experience with our expert pediatric phlebotomists. We deliver fast, reliable results in minutes—saving you time and extra trips.
- **Outpatient Pharmacy:** We've got you covered with prescription services for all your home medications and supplies. Our expert clinical pharmacist is here to help you with medication management, counseling, and any questions you may have.
- **Prescription Refills:** We make refills easy! All prescription requests are sent electronically to your pharmacy on file. To request a refill, simply contact your pharmacy, send us a message through the patient portal, FollowMyHealth, or call us at (702) 732-1493. We're here to help!
- **Infusion Suite:** We welcome you to our state-of-the-art infusion center, designed with your comfort and care in mind. Enjoy age-appropriate emotional support, cozy treatment chairs, TV, snacks, and Wi-Fi while our nationally certified nursing team—specialized in complex infusion therapy—provides expert care every step of the way.

**Our team is here to support our children and their families every step of the way. Together, we will navigate your journey, address your concerns, and provide the best possible care for your child, ensuring that you're not alone in facing the challenges that lie ahead.**

# WE ARE HERE FOR YOU!

Cure 4 The Kids Foundation is Southern Nevada's Joint Commission-accredited multispecialty clinic and infusion center. We are dedicated to fostering an environment where both patients and our team can thrive. Our mission is to provide specialized treatment and care to our patients regardless of financial considerations. We work diligently to bring highly qualified medical healthcare professionals to our state to minimize Nevada's children needing to go out-of-state for care.

Many medical conditions require specialized treatments that are typically only available in major metropolitan areas — most often within large teaching hospitals. Cure 4 The Kids Foundation has worked for many years to expand services into Nevada to provide specialized treatments locally.

Understanding the intricacies of you or your child's diagnosis and treatment is essential. Through clear and open communication with your care team, you will gain insights that will contribute to improving the quality, safety and effectiveness of their care. There are no "silly" questions. Each inquiry is an opportunity to understand you or your child's health better and make informed decisions together.

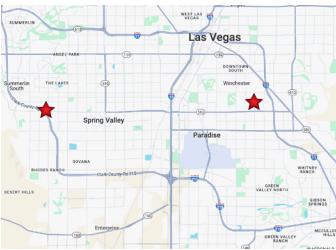

## Cure 4 The Kids Foundation has 2 locations for your service:

1 Breakthrough Way Las Vegas, NV 89135

- Pediatric Hematology
- Pediatric Oncology
- Pediatric Orthopedics
- Pediatric Rheumatology
- Genetics
- Physical Therapy
- Neuropsychology and Behavioral Health

4425 South Pecos Road Las Vegas, NV 89121

- Pediatric Orthopedics

Both your time and your provider's time are valuable. To expedite your check-in process, we've introduced Phreesia, our patient engagement platform that will text and email you the required forms with payment options for your upcoming visit(s). Completing these documents prior to your arrival helps our team keep on track for your visit.

Late arrivals can make it challenging to stay on schedule. If you are running late, please call and communicate this information so we can still accommodate your visit, or you may be asked to reschedule. Thank you for understanding.

## What to bring to your appointment:

Our team is dedicated to providing exceptional care. To help us serve you best, please bring the following items and information with you to each visit:

- List of medications, including vitamins and herbal supplements
- List of recent hospitalizations
- List of recent surgeries
- Changes in health conditions relevant to the visit

## What to expect during your visit:

At Cure 4 The Kids foundation we want your visit to be comfortable while receiving quality care.

We offer many services and accommodations:

- Food and Drinks: We know that a little snack can make all the difference during your time with us. We offer a variety of delicious snacks and refreshments for you to enjoy! We want to keep you safe; please inform one of our team members about any allergies or dietary restrictions you or your child may have.
- Free Wi-Fi: We're pleased to offer complimentary Wi-Fi. Simply ask our team how to connect.
- Interpreting Services: We know communication is key to delivering high-quality care! That's why we provide comprehensive interpreter services in over 300 languages, ensuring every family can be part of the conversation.
- Accompanying Adults: Your health and comfort are our priority! To maintain a safe and pleasant visit, we kindly ask that only parents or guardians accompany patients. Due to limited space in our infusion suite, we only allow one parent or authorized adult during treatment with the patient.
- Exam Room or Infusion Suite: Your visit will typically take place in one of our exam rooms. If your care requires an infusion or a more involved procedure, you'll be seen in our infusion suite. We are dedicated to providing the highest level of care and prioritizing your comfort throughout your time with us.

## Around the clock, we're here for you—contact us anytime, 24/7!

- Patient Portal – FollowMyHealth: After your first appointment, you'll get an email to join FollowMyHealth, our easy-to-use patient portal! Access your medical records anytime, send secure messages, make non-urgent requests, and even join virtual visits when available—all in one convenient place.
- Nurse Triage Line: We care deeply about your family's health! During business hours, our compassionate triage nurse teams up with our providers to address any concerns about you or your child's well-being, ensuring you get the support you need.
- After-Hours Medical Advice: We're always here for you! If you or your child aren't feeling well, call us at (702) 732-1493. For urgent concerns, our answering service will connect you with our on-call provider. Non-urgent issues will be noted, and we'll follow up promptly. Your health is our priority!
